1. Introduction

The Board of the Australian Society of Viticulture and Oenology (ASVO) elects Fellows from amongst its Members who have made a particularly outstanding and meritorious contribution to the grape and wine industry. The purpose of the honorary membership category of Fellow of the Australian Society of Viticulture & Oenology is to recognise the exemplary contribution by a Member to the Society and to the discipline and/or profession of Viticulture and/or Oenology. Fellows of the Society actively support and promote the interests of the Society and encourage the development of the discipline and the profession.

The criteria for election as a Fellow include a major contribution in an industry, scientific, educational or Society role, having been a Member of the Society for at least ten years, and has made a significant contribution to the aims and operation of the Society. This "Fellow Nomination Guidelines" document summarises the terms of the Constitution, and is designed to assist Nominee's, Nominators and Referees when completing the "Fellow Nomination Form". Please read this document carefully to ensure that your nomination complies with these requirements.

3. All nominations will be screened upon receipt to ensure that the eligibility criteria and submission requirements have been fulfilled.
4. The Nominator may be asked to revise the nomination to meet the criteria before the nomination will be considered by the Board of Directors.
5. Nominations are considered annually by the ASVO Fellows Selection Advisory Committee (see below), which is appointed by the ASVO Board of Directors.
6. All completed nominations are routed to members of the Fellows Selection Advisory Committee for simultaneous consideration.
7. There is no limit to the number of individuals nominated each year and nominating more or fewer individuals does not affect the outcome.
8. Nominees do not compete with each other for selection. Selection is based solely on professional excellence and outstanding accomplishments as presented in the nominations.
9. Nominees not selected for the award in the year of the initial nomination shall be kept on file for automatic consideration again the following year, without requiring renomination.
10. A member may only be nominated for three consecutive years. If not selected during that period, a two-year break is required before the member may be nominated again.
11. The ASVO retains possession of all nominations and rights to their usage in conjunction with the Fellow program.

4. Referees

Self-nominations are not eligible. Nominations must be nominated and seconded by a Member or Fellow (not elected to the Fellows Selection Advisory committee) and supported by a referee. The nominator and seconder may also act as a referee.

Referees are required to submit a statement in support of the Fellow Nominee, **either** with the Fellow Nomination Form, due 31 July each year, or when invited by the Fellows Committee to do so following this date, but no later than one week following the close of nominations.

2. **Does not meet all the criteria**
Nominees must meet all the criteria for a Fellow nomination to be successful.
3. **Board of Directors discretion**
In addition, in absolute discretion and without giving any reason, the Board of Directors may refuse to elect as Fellow a person whom it shall consider not to be a fit and proper person to be so elected even if the applicant has fulfilled the prescribed conditions of such election. The names of unsuccessful Nominee's will remain confidential within the Board of Directors.

7. Role of the Fellows Selection Advisory Committee

The ASVO Fellows Selection Committee will consider all eligible nominations for the honorary membership category of Fellow of the ASVO and will recommend nominees for election to this membership category on an annual basis.

1. The Fellows Committee may stimulate nominations of highly deserving individuals; however, members of the committee cannot nominate or second a nomination or a referee or a candidate.
2. Consider all eligible nominations against the selection criteria outlined in the Guidelines for Nomination of Fellows.

3. Each member should independently rank the nominees in order of preference before discussing within the group.
